VOLUME XXIII

MT. STERLING, KENTUCKY, WEDNESDAY, OCTOBER 22, 1913.

NUMBER 16

PLAN OF GOVERNOR To Work County Roads With Volunteers Endorsed.

Montgomery Citizens Urged to Lend Helping Hand.

The Fiscal Court of Montgomery county at its regular October meeting unanimously endorsed the proclamation of the Hon. James B. McCreary, Governor of Kentucky, asking the people of our beloved State, to work the public roads and highways on Friday and Saturday, October, 24-25.

As aptly said by the Governor "Good roads facilitate the labor of farmers in bringing their products to market; increase the benefits of education by providing means by which the children of the State can go regularly to school; furnish a better and easier way to go to church and greatly enhance the value of farm lands."

All able-bodied male citizens of Montgomery county are urged to heed this request. Let us do our part and take our position among the progressive counties of Kentucky.

C. G. Thompson, Presiding Judge, Montgomery Fiscal Court.

J. Malcolm Forbes to Be Trained By Tommy Murphy.

J. Malcolm Forbes (4) 2:08 the great stallion owned by Mr. James R. Magowan, Prop., of Elmwood Stock Farm, of this county, has been turned over to Tommy Murphy the greatest trainer and driver of horses in the world, and was shipped with his string to New York Saturday. Murphy will show J. Malcolm Forbes at Madison Square Garden this winter and he will be returned here next spring for a limited season but will be trained and raced down the big circuit next year. He is considered one of the most valuable horses in the country and it is predicted that he will be the sensation of the big circuit next year. Everybody who is acquainted with Mr. Magowan wishes him unlimited success.

First Snow Here Monday.

After a couple of rainy, cold days, the first snow of the season fell in this county Monday morning. Owing to the damp condition of the ground it melted as fast as it fell.

Over 5000 Cattle On Market--Trading Was Very Brisk.

Big Crowd at Pens and Prices Were good.

There was from 5000 to 7000 cattle on the market, all the pens being full and a great many cattle left in pastures to be brought in as the pens were cleared.

The day was the worst ever; snowing, raining and cold. It was so bad that we left the pens after a short stay, the first time in twenty years we have shirked.

Trade was brisk and prices strong, the best 1000-lb. steers going \$7, with lighter steers at \$6.25 to \$6.75. Heifers at 5 to 5½c, with some fat ones at 6c. Cows at \$4 to \$5, bulls at 5½c, old cows and rough oxen at \$2.75 to \$4.

Big crowd at the pens, with buyers from Ohio and Indiana. Eight or ten buyers from Ohio. Home buyers were in evidence and bought freely, but the foreign buyers kept things humming.

SALES.

We caught a few sales that will show the run of the market:

Andy Hughes sold 8 800-lb. cows to Chas. Faulkner, of Winchester, at \$3.75.

Lafe Risner, 5 450-lb. steers to Steve Hise at \$5.60.

W. E. Little & Co., 14 1000-lb. steers to Geo. Anderson at 7c.

Chas Rose sold 22 800-lb. steers to Maury Weil, of Lexington, at \$6.25.

Frank Boyd sold 24 900-lb. steers to W. W. Richards, of Cleveland, Ohio, at \$6.75.

Henry Blankenship sold 20 600-lb. steers to Dunlap & Co., of Washington C. H., Ohio, at \$6.75.

Jackson & Estill sold 10 850-lb. steers to John Fluebach, of Germantown, Ohio, at \$6.35.

Coon Allen sold 20 730-lb. steers at \$6.50 and 10 500-lb. heifers at 5½c to Ohio parties.

Carl Trimble & Bros. sold 70 700-lb. steers at \$6.50 to Indiana parties.

Henry Lemaster sold 13 500-lb. steers to Fayette county parties at \$6.40.

W. P. Treadway sold 20 500-lb. heifers at \$5.40.

Jackson & Estill sold 14 700-lb. steers to John Fluebach, of Germantown, Ohio, at \$6.25.

W. H. Blankenship sold 20 500-lb. steers to N. Watson, of Geneva, Ind., at \$6.25. J. S. Palmer sold 10 500-lb. steers for \$6.25 to same party. Mr. Watson bought about 100 head.

W. E. Little & Co. sold 85 900-lb. steers to W. A. Thompson, of Bourbon county, at 6½c.

Albert Bowen sold 13 500-lb. heifers to Hall & Richards, of Cleveland, Ohio, at \$5.40.

J. R. Shrouth bought 45 500-lb. heifers at 5½c.

O. H. Downing sold 5 400-lb. heifers to Frank Lockridge at \$5.40.

MULES.

A great many weanling mules on the market. Prices from \$5 to \$10 off.

Attention, Ladies.

We are agents for the White Swan Laundry, who will also do first-class dry cleaning. Phone 46 and we will come after and deliver your work promptly.

Ringo & Botts.

Popular Employee of the C. & O. Marries.

Mr. Charles Eskridge and Miss Anna Burgin surprised their friends in this city Thursday night by being quietly married at the parsonage of Rev. H. D. Clark. The groom is ticket agent in this city for the C. & O., R. R., and is an industrious and deserving young man with many friends. His bride has been a valued employee of the Cumberland Telephone and Telegraph Co., and has by her sweet disposition and accomodating manner made herself a general favorite with the public. The young people have the best wishes of countless friends.

Land Changes In This County The Past Week.

At the court house door the following property was offered for sale by John A. Judy, Master Commissioner of the Montgomery Circuit Court: The Hadden farm of 258 acres was purchased by Rufus Hadden at \$40.05 per acre. The McLean farm of something over 105 acres was purchased by Judge Lewis Apperson at \$69.85 per acre. The property of Hiram C. Wilson was purchased by Joe Miller for \$1,010. The Chas. Carrington property was purchased by Dee Groves for \$475.00.

Judge Lewis Apperson, an Executor, sold the remaining interest of T. S. Wren in 114 acres of land on Hinkston creek to W. J. Whaley, of Bath county for \$7,010.

Automobile Sales.

The Mt. Sterling Garage reports the following recent sales: W. A. Sutton, Buick, 1914 Model, five-passenger touring car equipped with electric lights and self-starter; Ed. T. Ries, a Jeffrey, 1 ton capacity truck which Mr. Reis will use in his poultry and produce business; Dr. Roberts, of Bethel, 1913 Rambler demonstrator, five-passenger touring car.

This popular concern composed of Stone & Flora have accepted the agency for the Buick and have ordered two carloads to be delivered in the spring.

Prewitt & Howell have sold G. D. Sullivan & Co., a International Truck which they will use in connection with their poultry and produce business.

E. R. Little has bought a five-passenger Hupmobile through Lexington parties.

Oysters, celery and cranberries at Vanarsdell's.

Sale of Blue Grass Farm.

About 200 acres of land with improvements consisting of dwelling house, two tobacco barns, stock barn etc. Lying on the Maysville pike between Bethel and Sherburn in Bath county and known as the Albert Young farm. This farm will be offered for sale at the Court House door in Owingsville, Monday, November 10th, by Master Commissioner of the Bath Circuit Court. A splendid chance to buy a good farm. For further information apply to: C. W. Nesbit, H. R. Prewitt or A. L. Tipton, Mt. Sterling Ky. 16-2t

Anderson Farm Brings a Very Good Price.

At the sale of the Anderson farm Thursday held on the premises, Mr. Ernest Gillaspie, of this county, purchased same at \$85.00 per acre. There is 24½ acres in the boundary. This land was sold to settle up the estate of the late Mrs. S. W. Anderson and was sold by Mr. W. T. Tyler, Executor. Hadden & Lane the Real Estate dealers, of this city, had charge of the sale. This price is considered a very good one.

HORSES STOLEN

Couple of Horses and Wagons Stolen Here Monday Night.

Several Stray Horses found By Citizens.

Thieves stole a horse and delivery wagon belonging to Vanarsdell & Co., Monday night about 8:30 and drove same out the Winchester pike, Mr. Vanarsdell succeeding in finding same Tuesday morning but the thieves had driven the horse over an embankment and killed it. A horse and wagon belonging to Jesse Davis was also stolen, but Davis found his horse Tuesday several miles from the city where it had been abandoned by the thieves.

Deputy Sheriff Sledd found a stray horse in his lot Tuesday morning and John Rainey found one tied to his gate at the same time. A horse was taken from a farmer in the Eastern part of the county and was found in a very bad condition near the old McBrayer Distillery Co., having been ridden nearly to death.

Two dead horses were found on the Winchester pike that had evidently died from exhaustion. There was a large crowd in town Monday and considerable disorder, the police deserving credit for keeping things as quiet as they did.

Pure pork sausage at Vanarsdell's.

Winchester School Closed On Account of Diphtheria.

In order to prevent the spread of diphtheria in the city of Winchester, the Washington street school has been ordered closed by the Board of Education. Although there are only a few cases it was deemed wise by the health authorities to take that precaution. Several cases of typhoid and scarlet fever have also been reported. Six of the schools in the county were later ordered closed.

Small Boy Has Right Eye Removed.

Dr. J. F. Reynolds, of this city, on last Thursday performed an operation on the young son of Mr. Frank Peters, removing the little fellow's right eye. The boy was accidentally struck in the eye with a piece of wire a few weeks ago and every effort was made to save the sight but to no avail. He stood the operation, which was a very successful one, very well indeed.

We have a beautiful line of fall and winter suitings.

The Novelty Store.

Fresh oysters received every day at Vanarsdell's.

Happenings in Police

Court Tuesday.

Monday being County Court day and a bad, damp, cold day caused many visitors to forsake the straight and narrow path and partake too copiously of liquid enthusiasm so that Tuesday morning Judge Turner found quite a number that needed the attention of Jailer Howard Anderson. Field Griffin, E. Johnson, J. Means, John Kelly, Clarke and Claude Rash were among those who will enjoy Mr. Anderson's hospitality for a few days, being fined \$7.50 and costs. There was one rather ugly case to come before the court and Judge Turner gave the miscreants the limit. Officer Smith had arrested S. Warren for being drunk and disorderly when he was attacked by Sid Spencer and Robt. Hart, who attempted to take the prisoner away from the officer. They stepped behind the officer and knocked him down and all three men jumped on him, he succeeding in pulling his pistol, but for the timely arrival of Chief Gibbons there would have been serious trouble, as one of the men under arrest had a pistol, however Smith and Gibbons placed all three men in jail. The men were from Bath county.

W. G. Trimble Dies

In Lexington Hospital.

Mr. W. G. Trimble, aged 83 years, died at the St. Joseph hospital in Lexington Monday where he had been in poor health for the past four or five years. Mr. Trimble formerly lived in this city and was a grandfather of Messrs. N. Trimble McKee and W. Reid McKee, being the father of Judge H. C. McKee's first wife. He is well remembered here as a splendid old gentleman and the announcement of his death will be received with universal regret. One sister, Mrs. Sallie Collins, of North Middletown, survives.

The burial took place in this city Tuesday afternoon in Machpelah Cemetery with short services at the grave conducted by Rev. H. D. Clark.

To Train Horses at Louisville Track.

Mr. C. W. Bean who has been training horses at the local track for several seasons will train horses at the Louisville track next year. Mr. Bean is a good trainer and driver and will no doubt be successful in his new field. He developed and drove to many victories the sensational trotter, Peter McCormick 2:08, as well as many others.

Engagement of Interest.

Mr. and Mrs. N. B. Hoskins announce the engagement of their sister, Miss Lyda Faulkner, formerly of Kansas City, to Mr. Benette F. Hughes, of this county. The wedding will take place in the early winter. Miss Faulkner is one of the prettiest and most attractive girls in this county, while Mr. Hughes is a popular and prominent young farmer.

Gold and Silver Medals

Offered to Children For Best Essay On Repair and Maintenance of Earth Roads.

Washington, D. C.—The Director of the Office of Public Roads of this Department, Logan Waller Page, has announced that the time in which children may submit essays on the repair and maintenance of earth roads, in competition for the gold medal and the two silver medals, has been extended to March 2, 1914.

The conditions of the essay contest are as follows:

1. The subject of the essay will be the "Repair and Keeping Up of Earth Roads."

2. It is open only to children from ten to fifteen years, inclusive, who are actually living on farms and who are actually attending some school.

3. The essay should be not more than eight hundred words in length, in the handwriting of the child, and should be written on only one side of the paper.

4. In the upper left hand corner of the first page should appear the following statement: Essay on Earth Roads by (name of child, age of child, actual residence of child, school attended by child.)

5. Children wishing to enter this contest may ask the advice of their parents, teachers, neighbors, highway commissioners, and other people, and read books or magazines giving information about the subject. They must not give the information they gain in this way in the exact words of an adult or the author of a book. They must express the ideas in their own language. They will not be expected to use technical terms and any words that make the meaning clear will be acceptable.

6. The essays will be rated by an impartial committee according to the understanding of the subject shown by the child and according to how much higher should the cen-

ter, or crown, of the road be than the outside edges of the road? Why do good ditches at the side of the road help make the center of the road better for hauling? What happens when ditches get full of rubbish or weeds? When a ditch along a road holds water or collects it into pools, how does this injure the road?

USING A DRAG ON EARTH ROADS.

Have you ever seen a home-made road drag? It is made by splitting in two a log six or eight inches in thickness and about six or eight feet long. The two halves of the log are set three feet apart with their smooth faces forward and upright. They are fastened together with braces. A pair of horses are hitched to a chain fastened to the front half of the log. Should these logs be drawn straight down the road, or should it be dragged at a slant so that a little of the loose earth will slide toward the center of the road? Should the dragging be started next to the ditch, or at the center of the road? Should you drag the whole road in one way, or drag each half of it in an opposite direction? Should the dragging be done when the road is dry, or after it has rained? A good strong pair of horses with a well built drag can drag about three or four miles of road in a day. What would it cost a farmer to drag four miles of road? How would he be repaid for the cost of his labor?

To the Children: In getting facts to write your essays for the prize contest on the repair and maintenance of earth roads, use your eyes. Look at a bad piece of road and a good piece of road when both are dry. Study, particularly, the ruts and holes and uneven places in the road to see whether they make it easier or harder for the wheels of a loaded wagon to go along. Study the kind of footing that the two roads give to the horses. Now, study the same stretches of road after a good rain-storm. You will see that one road holds small puddles, or pools, of water that keep the road soft and so allow it to be cut up by the wheels of the wagons and the hoofs of the horses. How do road builders keep water from gathering on the traveled way of a road? Should the road slope to the side ditches?

Who Am I?

Last year I did not want to embarrass my best girl to make her propose to me, so asked her to be my wife, and she said: "I would rather be excused," and I, like an idiot, excused her. But I got even with the girl. I married her mother. Then my father married the girl. Now I don't know who I am. When I married the girl's mother the girl became my daughter, and when my father married my daughter he is my son. When my father married my daughter she was my mother. If my father is my son, and my daughter is my mother, who in the thunder am I? My mother's mother (which is my wife) must be my grandmother, and I, being my grandmother's husband, I am my own grandfather.—National Monthly.

A LARGE CONTRACT.

What W. S. Lloyd Wants Every Person in Mt. Sterling to do.

When W. S. Lloyd, the enterprising druggist, first offered a 50 cent package of Dr. Howard's specific for the cure of constipation and dyspepsia at half price, and guaranteed to return the money if it did not cure, he thought it probable from his experience with other medicines for these diseases that he would have a good many packages returned. But although he has sold hundreds of bottles, not one has been brought back.

To those suffering with dizziness, headache, poor digestion, constipation and straining, Dr. Howard's specific offers quick relief. It is an invaluable boon to all who feel uncomfortable after eating, and is today the popular dinner pill in all the large cities.

Notice.

Makers of small hickory handles for hammers, chisels and the like are now trying to use the waste from mills which make hickory spokes and pick and ax handles.

There is much waste in getting out the flawless white oak necessary for tight barrel staves. The forest service is trying to get manufacturers of parquetry flooring to use some of his waste.

The United States Consul at Aberdeen, Scotland, thinks that American manufacturers may have a chance to compete in furnishing staves for fish barrels. There has been a recent rise in the price of spruce and fir staves from Sweden and Scotland.

Advertiser's Aim Is Satisfaction

By HOLLAND.

ONE of the biggest retail merchants in the world, with stores in two of America's largest cities, and who naturally is one of the largest advertisers in the world, insists that his advertisement writers confine themselves to strict truth, and any promise made by one of his clerks is considered to have been made personally by the head of the firm.

A woman bought a fine tablecloth, and after she had it home there was a slight imperfection found. It was nothing to affect the wear of the tablecloth, but she took it back, explaining that she had paid a high price for the article and that she had intended it for her "best." She was somewhat apologetic for returning a purchase with such a slight imperfection.

"You are a stranger in this city," asked the floorwalker, and the woman nodded. "I thought so," he said. "You do not understand our system. Had you kept that tablecloth you would have done yourself and us an injustice. When you buy here you must be satisfied. If you are dissatisfied for any reason you are not fair to us unless you tell us and give us a chance to satisfy you."

That spirit is behind big advertisers everywhere. It is another reason for doing business with advertisers.

Ben Berkley Dead.

Ben Berkley, an aged servant of the White and Meguire families since childhood died in this city Tuesday night of the infirmities of old age. While his exact age is not known it is judged that he was about 70. He was well known all over this section of the State.

Ben, who was a very small darky, has been a favorite for years here and was a polite, well meaning negro. Mrs. Meguire, whose servant he has been for years, died several months ago, and since that time the diminutive darky has not been as bright and cheerful as he was. He always had a pleasant word for the grown folks, and especially fond of children who teased him continually. He was of a type that is fast disappearing.

Hart-Bradley.

Miss Mary Elkin Hart and Mr. Charles Allen Bradley, both of Winchester, were married at the home of the bride Thursday afternoon at 3 o'clock, By Rev. J. H. MacNeill of the First Christian Church.

The bride is the daughter of Mrs. Geo. M. Hart, the widow of the late Geo. M. Hart, and is one of Clark county's fairest daughters, having a host of friends, being quite popular wherever she is known, and is 18 years of age.

The groom is the son of Mr. T. J. Brindley of the firm of Parish-Bradley & Co., and is a young man of fine business qualities and good habits and is 19 years of age.

No invitations were sent out and only the immediate families of the contracting parties were present at the ceremony.

The bridal party left for Cincinnati on the 5:58 L. & N. for a week's stay in Ohio and will go to house-keeping upon their return.

Both of the contracting parties are well known in Mt. Sterling where they have many friends.

Disastrous Fire at Ford.

Nearly all of the town of Ford, east of the L. & N. Railroad, was destroyed at an early hour Wednesday morning by fire. Flames originated in the barber shop of Henry Jett, a negro, immediately east of the big brick building of the Ford Lumber Company, and pursued their course until fourteen buildings had been laid in ruins. The loss is estimated at \$50,000.

The big brick structure of the Ford Lumber Company, the hotel and general store room belonging to Mr. John Howard; residence of Robert Horn, the Witmer house, a house belonging to Mrs. Bettie Johnson and nine houses belonging to Anse Warner were among those destroyed. It is said there was little insurance on the burned property.

Owing to the dry weather and no fire protection, nothing could be done but to allow the flames to rage unchecked. The fire lasted for some time, and the glow of the flames could be plainly seen from Winchester, a distance of about twelve miles. The origin of the fire is unknown.

TO THE MAN WHO PAYS THE FREIGHT

MR. TAXPAYER, if you are dissatisfied with present conditions (and we know you must be) and want to see efficiency and economy in our county government, vote for the abolishment of the Fiscal Court, as now constituted, and the substitution of a competent county commission of three business men by voting in the square after the word "Yes," as indicated below, to the following question, which will appear on the ballots November 4th, 1913:

"Are you in favor of the Fiscal Court being composed of three commissioners, to be elected from the county at large, and the Judge of the County Court?"

YES

NO

OUR DUTY TO NOMINEES

The Democratic ticket in the city and county is without opposition. With one exception in each instance, namely, in the race for Mayor and County Judge. This fact, however, should not dampen the ardor of any Democrat. His responsibility is in no wise lessened, and, while we do not fear the result, we realize that over-confidence and general upthrust are always dangerous. We therefore urge every Democrat to go to work for our nominees and keep at work until the polls close on November 4th.

Next Monday, Tuesday and Wednesday, October 27, 28 and 29, are special registration days and every Democrat of the city who was absent from home or prevented by sickness from registering on the regular registration day, is urged to go before the County Court Clerk on one of the above days and register. Unless you do so you cannot vote in November or in fact, until after the next registration in October 1914.

Instead of deporting Mrs. Pankhurst to England, how about sending this international nuisance half way back?

We told you 'twould snow before Maysville street was finished.

And behold this count so bold.

For The Music Lovers.

It will be good news to the music lovers to know that the series of entertainments arranged for this winter are to be started some time the latter part of November. Kryl and his two daughters will be the first attraction and anyone that heard Kryl at the Chautauqua this summer will be sure to hear him in November. The second entertainment will be Miss Francis Ingram, a very fine contralto of considerable note and the third and last of the series will be Chas. W. Clark, Baritone. The dates of these entertainments will be announced in this paper later. The above are under the direction of the Redpath Musical Bureau.

RUBBER STAMPS

Are all very well for certain purposes. They are a necessary part of the equipment of most offices. But they were never intended to be used to print letterheads, billheads or envelopes, and the man who uses stationery printed with a rubber stamp makes a bad impression on his correspondents.

Let us show you samples of our Job Printing and quote prices. You may be surprised to learn how little good letterheads cost.

Public Renting.

A. Sid Hart, as trustee for W. Taylor Fitzpatrick, Sr., rented at public outcry to Thomas Fitzpatrick, the lands on Howard's Mill road. The Bailey place of about 150 acres brought \$300, and the State farm, containing about 500 acres, brought \$4.62 per acre. The prices are considered good.

Advertising Is Insurance

BY HOLLAND.

A n advertisement is an insurance policy. It insures against loss through the purchase of goods of inferior quality. When you buy goods that are advertised you know you are getting the best. Makers of poor articles can't afford to advertise them. Unreliable merchants are not allowed to advertise in this paper even if advertising would be profitable to them, which is unlikely-unlikely because truth and reliability are the essence of successful advertising.

You don't take chances when you buy advertised goods, because if by any chance there should be anything wrong with the goods there is the reputation of merchant and manufacturer back of them, and any article that is not up to the advertised specifications will be replaced.

DON'T TAKE CHANCES. BUY ADVERTISED GOODS.

Attractions at Ben Ali.

Quite a number from this city attended the performances of "Bought and Paid For" at Lexington's beautiful new playhouse, the Ben Ali. The production was well staged, the leading parts well taken care of and the show as a whole a very pleasing one.

During this week the attraction at the Ben Ali Theatre will be "The Undying Story of Captain Scott's South Pole Expedition." The tragic interest possessed by these pictures is true and remarkable. Their scientific and historic value is incalculable. There will be both matinee and evening performances.

The next big attraction at this house will be on Monday evening, October 27, when Mr. Lewis Mann, America's greatest character actor, will be seen in "Children of Today." This will undoubtedly be one of the greatest attractions that will play Lexington this season. Prices 50c to \$2. Seat sale October 24. Mail orders carefully taken care of.

Former City Jailer

Died Friday Morning.

Mr. O. M. Willoughby, former City Jailer and one of the most popular officials ever in this city, died Friday morning after a lingering illness of paralysis. Mr. Willoughby had been a resident of this city for a number of years and had been in poor health for several years but had only been confined to his bed a few weeks.

He is survived by his wife and three children. Decedent was a brother-in-law of Jailer W. T. Ballinger, of Fayette county, and was a big-hearted, courteous gentleman who, by his many deeds of charity and his polite and courteous treatment to all made countless friends who mourn his loss.

Funeral services were held Saturday evening at his late residence conducted by Rev. H. D. Clark with burial in the Machpelah cemetery.

Pond Building in Kansas.

The State of Kansas, which has had a somewhat serious and distressing experience with drouth during the present year, is considering measures for mitigating the effect of future dry spells.

Gov. Hodges is doing all that he can to induce the Kansas farmers to build ponds for the storage of storm waters. He is arranging for a pond-building week later on in the fall and has drafted fifty highway and drainage engineers from the State Agricultural College for the purpose of assisting in the work. In addition he has resurrected half-forgotten law which requires county surveyors to make surveys and furnish plans and specifications for ponds and farms, the work to be done at the county's expense.

The Kansas Legislature gave impetus to the pond-building movement in 1911 when it passed a law that \$100 is to be taken from the assessed value of "all farm lands containing storm water reservoirs which hold not less water than would cover one acre of level ground one foot deep." If the pond holds four-acre feet of water the reduction of value is \$200 for each pond, if the dam is of earth, and \$300 if of stone, concrete or brick. The Agricultural College also has encouraged the construction of ponds with a view to stocking them with fish and thus increasing the State's food supply.

The increase of ponds that may result from the Governor's campaign will not solve the water problem altogether. It should go a long way, however, toward the amelioration of conditions that have been prevailing on many Kansas farms during the past summer. The pond idea should appeal strongly to those farmers who have been sorely put to it to secure water for their stock and for ordinary domestic purposes.

When the wolf howls at the door, there is not a philosopher among us who can catch him and sell him to a circus.

30,000 VOICES

And Many Are the Voices of Mt. Sterling People

Thirty thousand voices—What a grand chorus! And that's the number of American men and women who are publicly praising Doan's Kidney Pills for relief from headache, kidney and bladder ills. They say it to friends. They tell it in the home papers. Mt. Sterling people are in this chorus. Here's a Mt. Sterling case.

R. M. Freeland, 169 W. High St., Mt. Sterling, Ky., says: "I think that driving weakened my kidneys. The roads are rough and the jarring is enough to shake a man to pieces. My back pained and ached and my kidneys did not act right. Doan's Kidney Pills, procured at Duerson's Drug Store, gave me quick and lasting relief. No one having kidney complaint can make a mistake in giving this remedy a trial."

UNJUST TAX LAW IN KENTUCKY

How Unsatisfactory the Present Tax System Works in This State

Most Unequal System Ever Devised and Most of the Progressive States Have Abolished the Plan Used in Kentucky.

The present state constitution of Kentucky provides that "Taxes shall be uniform on all kinds of property," and on the surface this seems to be so far the average thinker can find no fault with it.

In practice, however, it has been found to be the most unequal tax system ever devised, and most of the progressive states have abolished the plan.

Its inequalities and unfairness may be seen from the way it discriminates in certain classes of property and explains why Kentucky seems to have so little intangible wealth as compared with other states.

For instance, cash in savings banks draws only three per cent interest, gold-edge bonds pay four per cent, real estate notes six per cent, stock in some foreign corporations ten per cent, while the tax on all is the same for state purposes, but varies for county and city purposes according to the location.

Thus where the income is only 3 per cent and the taxes 2½ per cent it leaves the owner only ½ per cent interest, and where the income is 10 per cent and the taxes 2½ per cent the interest is 7½ per cent. In this uniform?

In some counties land is assessed at 30 per cent of its value, in others 50 per cent, and in others 70 per cent. The state tax is the same in all the counties. Is this uniform?

If an honest farmer lists his property at its fair value and his unscrupulous neighbor puts a lower value on his property the former pays more than his share, while the latter pays less.

If the state board of equalization raises the entire list for that county, the honest man pays on property he doesn't own, and yet our law is supposed to be uniform.

That the personality owned by citizens of Kentucky is vastly more than is listed for taxation is a well-established fact; but the tax receipts don't show it. In fact, certain classes of property, such as stocks, bonds, notes and cash have almost disappeared from the tax rolls, and these evidences of wealth apparently grow less each year.

If the present system is allowed to remain in force, it will result, as it has in other states, in almost all kinds of personality disappearing from the assessors' books, and lands and houses which can not be hid or moved will have to bear the chief burden.

It has been so in every state where the "general property tax" has been the plan on which property was taxed, and most of the states have been wise enough to get rid of such an unequal and unfair system.

The Ohio state tax commission, in its 1908 report on the operation of the "general property tax," says:

"It is a failure for purposes of revenue or equality. Perhaps not 5 per cent of intangible property is listed. It punishes the honest. It rewards the dishonest. It frequently results in double taxation and lowers the standard of integrity."

The entire revenue of the state of Kentucky is about \$7,000,000, while Michigan, with about the same area and population, receives \$14,000,000 from taxes, only a small proportion of which is paid on land.

In Pennsylvania there is no state tax on farms or homes.

There are 7,000,000 acres of unimproved farm lands in Kentucky and yet vast quantities of farm products have to be imported.

There are about twenty-five thousand square miles of coal lands in Kentucky, and yet we buy millions of tons of coal from Pennsylvania, West Virginia, Indiana and Tennessee.

Kentucky raises thirty-eight per cent of the tobacco crop of the United States and manufactures only three per cent of it.

These are significant facts and our people should consider them.

There may be other causes for our lack of progress but it is an established fact that no state has ever prospered under the general property tax and it is also known that this deplorable system of taxation has always driven out capital, retarded development and caused untold losses in population.

The last general assembly passed an act amending the state constitution so as to permit future legislation on taxation which will go far towards remedying the evils and it is the duty of every citizen in the state to vote for the amendment at the November election. If it is not ratified at that time it will be impossible to vote on the question for another five years and it has been delayed too long already. It is time for us to wake up and get in line with other prosperous states. Vote for the constitutional amendment at the November election.

WOMAN'S RIGHTS.

When our women don the trousers,
And the men forsake the streets,
When the women build our houses,
And the husbands cook the meats;

When the woman takes their fellow,
And "pays him in" to all the "ights,"
And perhaps gets a little "mellow,"

Then will woman have her "rights."

When the woman leaves the baby
For the man at home to tend,
And goes off—fishing, may be,

Or drives out with some "dear friend,"
When the women fill the club-rooms,
And are out late o' nights,

And leaves the men at home to scrub
rooms

Then will woman have her "rights."

When our women do the "sparking,"
And the men receive the calls,

When the women do our "larking,"

And are fined for making brawls;

When our women make the speeches,
And in politics delight,

When they fairly "wear the breeches,"

Then will women have their "rights."

When our women are the lawyers,
And our preachers' places fill;

When the women turn wood-sawyers,

And as doctors give the pill,

When the women rule the nation,

And Congress talks and fights;

(Finally)

When the woman is "all creation,"

Then will woman have her "rights."

Richards-Stockdale.

Mr. Allie Richards and Miss Julia Stockdale, both of this county, surprised their many friends by going to Lexington Wednesday morning and being quietly united in marriage at the Phoenix Hotel at 10 o'clock. The bride is 20 years of age and is a daughter of Rufus Stockdale and has been employed as a bookkeeper for John Williams in this city. The groom is 18 years of age and is a son of James Richards. Both are popular and prominent young people and have the best wishes of their many friends.

Smiles and tears are siamese twins and never live apart. They are the co-eternal creations of man's heart. No beast or bird or insect has power to laugh like man. Fish in the deep can never weep as sultry tears as we.

Let us all hope for the best, and when we get the worst just press on and make out like it didn't happen.

Sold Hogs by Telephone

A South Carolina farmer had a large number of hogs which were ready to kill. The weather was so warm that killing was out of the question.

He went to his telephone, called a dealer in Columbia over Long Distance and sold his hogs at a good price. He then called the local freight office and arranged for shipment.

The telephone is now a necessity on the farm. You can have one on your farm at small cost.

See the nearest Bell Telephone Manager or send a postal for our free booklet.

CROP REPORT.

The condition of crops as of October 1st has improved somewhat during the month. The condition of corn is given as 70.7 per cent. Much of this corn is now going into shock, and the report of November 1st will show a final estimate of the crop. Since so much of the tobacco has been housed, the efforts this month were to find out the condition of the crop as far as housing was concerned. 71 per cent. of the Dark Tobacco is already in the house and is curing fairly well as indicated by a condition of 83 per cent. 72 per cent. of the Burley Tobacco is in the house, and the condition is indicated as 82 per cent. The general impression gathered from crop correspondents is that the crop of tobacco will not be either a large one—65 per cent. of a crop—or will it be one of extra quality. The crop of wheat has not been put in the ground as early as usual, only 53 per cent. having been sown October 1st. Indications are not for a large acreage of wheat for next year. Dry weather has interfered very materially with the sowing. The greater per cent. of the rye crop has been sown as is to be expected, but most of this will be plowed under in the spring after having been used for a cover crop. The condition of the garden is still poor and no improved conditions can be expected this year over the condition as shown, which is 48 per cent. Pastures are still in poor shape, the general rains not being sufficient to materially alter the condition. Bluegrass pastures are given as 70 per cent. Orchard grass is given at 77 per cent., clover at 63 per cent. and alfalfa at 76 per cent. The percentage of winter apples is small, being given at 60 per cent.

The turkey crop is now below the average, reports showing only 86 per cent. The percentage of ducks is 88 per cent., percentage of chickens, 90 per cent.

In this report the Department has undertaken to find out the percentage of cattle as compared with the usual year that are going into feed lots this season. The dry pastures, scarcity of water and scarcity of feed would necessarily cut down the number of stock kept for the winter. Indications are that there are only 72 per cent. of cattle on feed. Hogs on feed also show a marked decline from an average year as indicated by 71 per cent.

There is practically a unanimous complaint from all sections of the State as to the scarcity of water, shortness of grass and lack of feed.

Farmers are urged to sow cover crops, particularly rye, barley and hairy vetch, for winter pasture in order to save winter feed bills. Those farmers who have silos have been exceedingly fortunate in being able to save much fodder where the ears of corn failed to materialize. It is hard to find a ray of sunshine in such a bad crop year as this season has proven to be. However, if our farmers take advantage of the lesson that this has taught, it may prove to be a blessing in disguise. If this drought only teaches the farmer the value of a silo and the value of cover crops for winter, Kentucky may yet be richer as a result of the drought.

Entire Edition of Jackson Times Thrown in River.

An entire issue of 3,000 copies of the Jackson Times was taken from the press room of the paper and thrown into the Kentucky River Thursday morning by unidentified persons. The papers were printed only on one side. The plant of the paper was not damaged.

The papers contained some warm political matter in behalf of the Democratic party, and a drastic article, marked advertisement, and signed by T. P. Caardwell, Republican candidate for County Judge.

Mr. Barnett, formerly of this city, and business manager of the Times, said the article by Mr. Caardwell was taken as a regular advertising reader and was paid for in advance.

Republicans are contending that Democrats administered the baptismal ordinances to avoid the sending out of the Caardwell article and to perpetuate a report upon the Republicans that they had tried to prevent the circulating of the paper, which is Democratic and is making a hard fight for the election of the Democratic ticket, while the Democrats are charging the Republicans with destroying the papers to prevent the circulation of the Democratic articles.

Result of Saturday's Election at Lexington.

At the primary election held at Lexington Saturday to select eight candidates for City Commissioner and two for Police Judge to be voted for at the regular November election when four Commissioners and one Police Judge will be elected, the following gentlemen were selected: For Commissioners, H. G. Pulliam, C. H. Wilkerson, J. T. McCarty, Henry Lloyd, Walter B. Hunt, Geo. Land, W. H. McCormick, James P. Kearns; for Police Judge, John J. Riley and Allan P. Gilmore. Only a light vote was polled and the election passed off quietly.

Don Chenault Sold.

Isadore Schlessenger, the Vienna, Austria, horseman, made another valuable addition to his trotting horse holdings when he purchased Thursday the three-year-old trotter Don Chenault (3) 2:051.

Don Chenault is the fastest three-year-old trotter of the year, winner of the Horse Review Futurity and the Championship Stakes.

The price paid for the colt was not made public. He will be shipped to Austria together with Cheeney and Myrtle Granett, which were purchased a few days ago by Mr. Schlessenger. The purchaser will race and breed his recent acquisitions in his native country.

Postoffice at Ewington Soon to Be Re-established.

The people in the neighborhood of Ewington will be glad to learn that they will soon have their postoffice re-established at that place, which was discontinued on September 1. Col. A. W. Hamilton has received a communication from Senator Ollie M. James telling him that the Postmaster General had acceded to the request of the citizens to re-open the post office, and the Department was only waiting to pass on the credentials of the proposed new postmaster, Paul Weckesser.

Boys Taking Some Long Hike.

Claude Brong and Chas. George, two young fellows of Allentown, Pa., passed through this city Friday morning on their way to San Francisco, Cal. They started from Allentown, September 11th, and hope to get to San Francisco by February 1914. They walk about 30 miles per day. The boys are walking for a prize offered by an athletic association, if they make the trip by February they get \$3000.00, if not, then a prize of \$1000.00. They are making their expenses by selling post cards. Both are nice clean looking fellows and aroused considerable interest during their short stay in this city.

Interesting Booklet

of Telephone Statistics.

The Cumberland Telephone and Telegraph Co., have mailed out a number of booklets to the business men containing a statement by Theo. N. Vail showing the mutual relations and interest of the Bell System and the public. Statistics as to the capitalization etc., of the company are given as well as how the stock is distributed and held throughout the country. The last page is given to a diagram showing the reduction in the average subscribers rate since 1895 to 1912 and the increase subscribers that can now be reached from the local exchanges. It is a very interesting booklet.

Four Horses Killed.

An eastbound passenger train on the Chesapeake & Ohio railroad caught four nice horses belonging to David C. Fox on the track and all were killed. The horses were very valuable and the loss to Mr. Fox will reach several hundred dollars.

Sharpsburg Man Easy For St. Louis Sharpers.

Boone Guy, of Sharpsburg, Ky., proved an easy mark for a St. Louis sharper. Near the union station Guy was approached by the sharper, who said he was also from Sharpsburg, but he didn't say it until he learned where Guy was from. In a few moments a confederate appeared and dunned the sharper for a debt of \$40.

Then the sharper borrowed the money from Guy to pay the debt and forthwith beat it, leaving the Kentuckian \$40 out of pocket.

Sporting Editor of Tribune in This City

Mr. Jesse Shuff, sporting editor of the Lexington Tribune and special correspondent for a number of the largest stock papers in the country, was in this city Saturday and Sunday.

Gov. Sulzer Found Guilty in High Court of Impeachment.

Governor William Sulzer was found guilty on Article One of the articles of impeachment preferred against him by the House of Representatives of the State of New York in the high court of impeachment Thursday, after two days' deliberation.

Article one charges a violation of the corrupt practice act in filing his statement of campaign contribution. The final vote was 39 to 18 for conviction.

The result of the final ballot did not come as a surprise to the ex-Governor as the informal balloting showed that thirty-nine members of the court, a sufficient number to insure a conviction, would vote to oust him from office.

The first formal ballot was taken at 3 o'clock Thursday afternoon.

The effect of the verdict is to remove the executive from the gubernatorial chair, but does not disqualify him from running again for the same office.
